Dear Residents and Leaseholders,

RE: Block 2 scaffolding works

I am writing to inform you on Wednesday the 17th of January we will be installing scaffolding to the entrance walkway on block 2, This works with take approximately 2-3 working days to complete.

Access on foot to Block 2 will be maintained throughout the duration of works but for your safety we may be asking residents to wait for a minute or two before passing.

Vehicular access will be maintained throughout the works. We will however be locating a scaffolding truck in an agreed location adjacent to block one basin, this will narrow the roadway as you pass down into block 1 basin so please exercise caution when approaching the bottom end of Kelso Place.

We apologise in advance for any disruption or disturbance this may cause and thank you for your continued co-operation.

Should you have any questions or concerns, please don't hesitate to contact me on 07539 011 441 or alternatively email dkays@starfishconstruction.com

Yours Sincerely,

D Kays
