

Weekend Work Announcement

Works will be limited to the removal of the remainder of the Scaffolding from the South of Block 1, adjacent Canal Footbridge. Due to the high footfall around these areas, we need to carry out these works out over the weekend to minimise disruption and keep residents and the public safe. For the avoidance of doubt there will be no works undertaken to the Balconies or the fabric of the building which will mean there will be significantly reduced noise.

There will be approximately 10 operatives working between the hours of 08.00 & 13:00 to ensure these works are complete in a timely fashion. Access over the canal footbridge will be maintained, however this will be marshalled, and you may be asked to wait for a minute or two whilst scaffolders are working overhead before you can pass, I would like to apologise in advance for any disruption this may cause.

We will politely request that you refrain from parking in the 'Basin' at the entrance of Block 1 and it is left clear for Sunday as we will need to load trucks in this area.

Your ongoing patience and co-operation in these matters is much appreciated.

Yours Sincerely

Melissa Buckley – Assistant Quantity Surveyor.
