Delivering Sustainable Construction Solutions

IMPORTANT INFORMATION

As you may be aware, the landscaping works has now started at Block 1, St Georges Island. Over the coming months, the landscaping will continue working our way out of the development from Block 1 through to Block 5. During this time, we will be laying new turf to several areas, and it is important that people:

- [Do not walk on the newly laid turf](#)
- [Do not allow animals to foul on the newly laid turf.](#)

Should this advice be ignored, it will stop the new turf knitting into the ground, causing patches of damage and prevent the grass from growing.

We would like to thank you for your cooperation during these works.
