

Job Title: CAD Technician / Draughtsman (Design)
Contract Type: Permanent
Salary: Negotiable based on experience
Working Hours: Full Time
Working Pattern: Monday to Friday
Location: (Borough) City of London
Start Date: Immediate

About the Role

We are seeking a skilled CAD Technician / Draughtsman (Design) to join our design team. This role is responsible for producing accurate, high-quality technical drawings and design documentation to support project delivery across concept, development, and construction/production stages.

You will work closely with designers and project managers to ensure drawings meet technical standards, client specifications, and regulatory requirements.

Key Responsibilities

- Produce precise 2D and/or 3D CAD drawings from design concepts, sketches, and technical specifications
- Revise and update drawings throughout the project lifecycle
- Prepare layouts, assemblies, details, and issue drawings
- Ensure drawings comply with industry standards, codes, and company procedures
- Collaborate with designers and project teams to resolve design-related issues
- Maintain accurate drawing registers, revisions, and documentation
- Assist with basic design development and problem-solving, where required

Skills & Experience

- Proven experience as a CAD Technician, Draughtsperson, or Design Draughtsman
- Proficiency in CAD software such as AutoCAD, Revit, or similar
- Strong understanding of technical drawing conventions and standards
- Ability to accurately interpret engineering and design information
- High level of attention to detail with strong organisational skills
- Effective communication skills and the ability to work well within a team

Qualifications & Experience

- Certificate, Diploma, or Degree in Design
- Industry experience in construction

About You

We're looking for someone who:

- Takes pride in producing clear, accurate, and well-coordinated drawings
- Works in a methodical and organised way, even when managing multiple priorities
- Enjoys being part of a collaborative design team and understands how your work supports project delivery
- Communicates clearly and professionally with designers, project managers, and colleagues
- Is comfortable working in a fast-paced construction environment with changing priorities
- Approaches tasks with a solutions-focused and proactive mindset
- Is reliable, detail-driven, and committed to maintaining high standards of quality
- Is open to feedback and keen to develop skills and grow within the business.

Why Join Us?

At Starfish Construction, we're committed to your success and growth. Here's what you can expect:

- Work on exciting and diverse projects with a respected and growing company.
- Competitive salary and benefits package.
- Opportunities for career progression and professional development.
- A supportive and inclusive working environment.

Salary:

The salary for this position is competitive and negotiable based on experience and qualifications. We are committed to offering a compensation package that reflects the value you bring to our team.

Equality & Inclusion

Starfish 9 Ltd values diversity and promotes equality. We welcome applications from all sections of society and are happy to discuss reasonable adjustments or additional arrangements to support your application.

Please note: Candidates must be eligible to live and work in the UK.
