

SUNFLOWER COURT – RESIDENTS UPDATE

Dear Residents,

We would like to provide you with an update on the progress of the Sunflower Court Façade Remediation Works.

We are currently working closely with all relevant stakeholders to finalise the remaining project information required for submission to the Cladding Safety Scheme (CSS). We anticipate that this information will be submitted for final review and approval within the next one to two weeks.

Subject to receiving the necessary approvals, we are currently targeting a site commencement date of **September 2026**. Please note that this remains a **provisional target** and is dependent upon the timely completion of the approval process.

Once the submission has been reviewed and we have received formal feedback from the Cladding Safety Scheme, we will be in a position to confirm the programme and provide residents with more accurate commencement dates, along with further details of the planned works.

We appreciate that residents are keen to understand when works will begin and thank you for your continued patience and cooperation while we complete this important stage of the project. We remain committed to keeping you informed and will issue a further update as soon as additional information becomes available.

Should you have any questions in the meantime, please do not hesitate to contact the project team.

Thank you for your continued understanding and support.

Robert Morgan **MCIQB MAPM**

Director of Projects

Midlands, London & South
